LearningNetwork
BY AGENCY FOR INTEGRATED CARE

DCM™ for Supported Living (DCM^(TM)-SL) aims to equip you with knowledge of person-centred dementia care and the use of Dementia Care Mapping™ at the home of persons with dementia. DCM™ for Supported Living provided a supervisory framework for the development and support of home care staff.

To provide participants with:

- Knowledge of person-centred dementia care and its application in practice in the care setting in which you work.

- The ability to use DCM™ to assess and make recommendations for the realisation of person-centred dementia care in the care setting in which you work.

Pre-requisite: completed DCM™ for Realising Person-Centred Care within the previous 5 years.

Course Objectives

By the end of this course participants will be able to:

1. Understand the purpose and conduct of using DCM™ in home-based care settings.

2. Carry out DCM^(TM) coding and data processing for DCM™ in home-based care settings.

3. Provide evidence-based feedback to staff working in home-based care.

4. Identify a developmental plan for staff working in home-based care

Training Methodology
Lecture; Class/Small Group discussion; Video/DVD observation/ Group exercises/ Scenario observations.

Course Outline

Face to Face Session

- Introduce good practice principles for briefing sessions
- Distinguish coding differences between DCM^(TM) and DCM^(TM)-SL
- Data analysis using tracker graphs
- Action planning

Venue

📍 Dementia Singapore Academy, 20 Bendemeer Road, BS Bendemeer Centre #01—02 Singapore 339914

Enquiries

📞 6389 5102 ✉ academy@dementia.org.sg

Target Audience
People working in supported living contexts (e.g. home care/support, community-based teams) that provide support for people with dementia and who wish to implement and monitor the delivery of person-centred dementia care using DCM^(TM)-SL

Course Time
9am – 5pm

Course Fee: $513.60 (Including GST)
Prevailing course fee subsidy at 90% for Singaporeans/PRs and 45% for Work Pass Holders working in eligible community care organisations.

Trainers' Profile
Dr Joy Lim is a clinical psychologist working with older adults, with a special interest in dementia and depression. Joy has been actively involved in the assessment and intervention of people with dementia and their family/carers in home based, day centre and residential settings. She is a Dementia Care Mapping (DCM^(TM)) Advanced User (certified by the Bradford Dementia Group) and currently awaiting certification to become a certified trainer for DCM^(TM). Since 2012, Joy has acquired competence in conducting dementia care mapping for care quality assessment, monitoring and improvement, enriched model individual care planning, and care staff support and development. Joy is also an ACTA certified trainer.
