Trainers' Profile

Michelle Tan is a Senior Occupational Therapist who enjoys collaborating with older adults with mental health concerns. She has a Master of Occupational Therapy (Graduate Entry) degree from University of South Australia. Her past work experience with Changi General Hospital included training and consultancy work with community eldercare agencies. She has provided consultancy services to AiC on coaching dementia champions of identified nursing homes. She attained the WSQ Advanced Certificate in Training and Assessment (ACTA) and has conducted training and workshops for professional and family caregivers, including eldercare workers in the community.
